Nairobi, Kenya | +254 792 067 722 | pnabanji@gmail.com | <https://portolio-sable-nine.vercel.app/>

PROFILE

Passionate and results-driven web developer with hands-on experience building responsive and user-friendly web applications using React, Node.js, MySQL and MongoDB. Skilled in both frontend and backend development, with a focus on creating efficient, scalable, and user-centered digital solutions. Eager to contribute to innovative projects, collaborate effectively within teams and continuously expand expertise in emerging technologies.

EDUCATION

Bachelor of Science in Software Engineering
Cooperative University of Kenya, Karen, Nairobi

Expected November 2025

Kenya Certificate of Secondary Education
Mbooni Boys High School, Mbooni, Makueni

April 2021

SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Vite, Tailwind CSS, Bootstrap, ShadCN UI

Backend: Node.js, Express.js, RESTful APIs, Authentication (JWT, Firebase Auth)

Databases: MySQL, MongoDB, Firebase Firestore

Mobile App Development: React Native

Tools & Deployment: Git, Github, Postman, Render, Vercel, Netlify, Heroku, Chrome DevTools

Other Skills: Agile methodology, Object Oriented Programming (OOP), MVC Architecture, API Integration, Testing & Debugging.

Soft Skills: Problem Solving, Collaboration, Communication, Time Management, Adaptability

WORK EXPERIENCE

Software Engineering Intern June 2024 – October 2024

FarmIT, Nairobi

- Contributed to the development of the FarmIT mobile app, designed to help farmers access real-time agricultural data, weather updates and market insights as well as Google Maps Integration, custom polygon drawings tools EOSDA for analysis to optimize crop health and productivity.
- Integrated firebase for authentication, data storage and push notifications.
- Collaborated with other developers to connect the app with RESTful APIs, ensuring seamless data exchange and synchronization.
- Conducted testing and debugging to improve user experience and application reliability.
- Worked withing Agile development environment, participating in sprint planning and daily stand-ups to track progress and deliver updates efficiently.

Full-Stack Web Developer (Personal Projects) October 2024 – Present

- Developed full stack web apps using React.js, Bootstrap, Tailwind CSS, Node.js, Express, MySQL, MongoDB.
- Built production-ready apps such as Easyhire (Job listing platform) and Kentan Safaris (Tour booking web app).

- Integrated authentication (JWT, Firebase Auth) and implemented CRUD functionality across RESTful APIs.
- Optimized front-end performance and applied responsive UI/UX principles for mobile and desktop compatibility.
- Used Vite, Tailwind CSS, and ShadCN UI for efficient, modern frontend workflows.
- Deployed and maintained live projects using Render, Vercel, and Netlify.
- Continuously improved code quality through testing, debugging, and peer feedback.

CERTIFICATIONS

- Responsive Web Design - FreeCodeCamp (July 7, 2023)
- JavaScript Algorithms and Data Structures – FreeCodeCamp (July 2020, 2023)
